[manufacturer]

Thank you for purchasing your new car from Perry Road Autos.

As with all mechanical items occasionally they can develop a fault. YOUR CAR IS SERVICED TO THE LEVELS REQUIRED TO BE COVERED FOR THE REMAINDER OF THE \*\* Porsche \*\* WARRANTY PROGRAMME APPLICABLE TO YOUR MODEL. To supplement the warranty it is always a good idea to take a membership to one of the leading recovery companies as transportation is not included in the warranty package. The level of warranty cover supplied will be that published by the manufacturer at the time of delivery. It must be noted that there are limitations to every warranty and should the repair fall outside of the parameters of the warranty applied, then the repair cost will be your responsibility.

Should you have need to call upon this warranty you must contact your local \*\* Porsche \*\* retailer who will arrange a time and date where you can take the vehicle for diagnosis.

To minimise the risk of any problems we strongly recommend that you carry out a regular maintenance regime. This would normally be a weekly check of all fluid levels and tyre pressures plus carry out visual checks on tyre condition, glass and bodywork. We ask that you sign below to confirm that the procedures shown above have been described to you and that you have a complete understanding of them.

Once again thank you for purchasing your new car from Perry Road Autos.

**I declare that I have been made aware of the processes shown above and fully understand them.**
